Data

3. Actual network speeds, both upload and download, may vary depending on the type of device in use, the location and the number of users accessing the network at any given time. Upload speeds are slower than download speeds.

Mobile data add-ons

4. Mobile data add-ons are only available to customers whose services are connected to Productivity, Consortium, Corporate, Enterprise and Business Mobile plans.
5. The mobile data add-on available to you is dependent on which mobile rate plan and network you have signed on to.
6. The stated monthly access fee for your mobile data add-on is charged in addition to your monthly plan fee (e.g. \$X Business Mobile Plan Fee + \$19.95 mobile data add-on).
7. Your pricing plan sets out the amount of included data that you can download and upload in a billing month. If you exceed your plan's included monthly data allowance, excess usage will be charged per MB or part thereof at the stated rates.
8. Usage includes both downloads and uploads.
9. At the end of each billing month any unused included data will be forfeited.
10. If you select a mobile data add-on, you will not be able to view your monthly usage prior to receiving your bill.
11. Any mobile data used from the date you purchase your mobile data add-on will be rated at the applicable rate of your new add-on plan.
